Robert:

What information can you give me for the costs that I have highlighted? I will check with Bryant Smalley and Bob Werner to see if they went on a trip or not.

Bryant, Bob, Rafael, Joy:

Can you guys check the highlighted costs and see if these may be associated with costs you incurred or charged to the Removal Account for Falcon Refinery? it appears everything is associated with things that took place in 2010 but I will let Robert let us know when these took place.

Thanks

Gary Moore

Doretha:

I have a problem with the highlighted costs because it does not identify the person or vendor making the charge to the account. This needs to be reviewed and updated in Scopios so that it can be clearly identified.

Thanks

For some reason, the costs in questions were not showing up in the SCORPIOS report. I have been discussing these charges with Robert, based on the info reflected on the attached SCORPIOS report, to see what's going on. The travel costs does not reflect any traveler information associated with it so we are looking into this. Also the grants costs is not showing up either. Will keep you posted on what we find out.

Doretha,
Updated SCORPIOS report with travel cost. No Grants cost in SCORPIOS for you time frame.
Looks like you have to wait till SCORPIOS updates next month.

Thanks. CBORT is showing \$480.90 for site travel and \$9,000 for grants charges that are not reflected on this report. Can you review this and see what's going on?
